## Middle-Road Leadership Is Urged By Ike

DENVER (AP)—Gen. Dwight D. Eisenhower paused today for a brief recess in his hard-driving campaign after lashing what he called "the prevailing political practice of divide, exploit, tax, spend and rule."

## Truman To Talk In Harlem Today

Seeks To Build Up Heavy Dem Margin

NEW YORK (AP)—Whistle stopper Harry S. Truman lends a hand to Adlai Stevenson here today in the biggest "whistle stop" of them all.

He turns his "give 'em hell" technique from the rear platform of his 16-car campaign train to a park in Harlem to try to help build up a big enough Democratic margin in New York City to overcome normal Republican majorities upstate.

Truman prefaced today's campaigning with an off-the-cuff talk in Grand Central Station last night where he got a roaring welcome and a few boos from what police said was a crowd of 20,000 persons.

He speaks first, at 1 p.m., EST, in Dorchester-Brooks Square, where, in the 1948 campaign, he brought cheers of approval from a crowd of 65,000 when he said he would fight for his civil rights program "with every ounce of strength and determination I have."

The Democratic National Committee is counting on Truman to give the Stevenson-Sparkman ticket its biggest boost of the campaign here.

Truman lost New York State's 45 electoral votes in 1948, but Henry A. Wallace's Progressive party candidacy cut heavily into normal Democratic votes among minority groups.

Truman "poured it on" the Republicans from Buffalo to New York yesterday, saying that Dwight D. Eisenhower, by his endorsement of Sen. Joseph McCarthy (R-Wis) has stooped so low he is "not fit to be trusted with the great office of president."

He told campaign crowds Eisenhower has disqualified himself for the presidency by raising questions in the campaign that "strike a blow at the morale" of free nations fighting in Korea.

It was at Utica that Truman brought up Eisenhower's endorsement of McCarthy and declared the general "betrayed his principles" and "deserted his friends."

Utica is not far from Clinton, where U. S. Ambassador-at-large Philip C. Jessup attended Hamilton College.

Truman said McCarthy "viciously attacked" Jessup while the latter was on an overseas assignment aimed at curbing Soviet expansion.

In Washington during September, 1951, McCarthy brought sworn charges against Jessup, accusing him of having been connected with six Communist front organizations.

## Immunization Against Polio May Be Available In 2 Years

BERKELEY, Calif. (AP)—A single capsule that will cost \$3 to \$5 and will make a person immune to infantile paralysis may be available in a couple of years, say medical scientists.

The pill will contain thousands of weakened polio viruses which have been grown in fertilized hen's eggs. The viruses will pass into the patient's blood stream and the blood will start building antibodies to destroy the viruses. Because they are weak, the viruses will not cause the disease but their presence will be sufficient for the blood to build defenses against future polio virus invasions.

The immunity may last five or more years and might even give life-long protection, the researchers said.

Basis for this outlook is the disclosure here yesterday that the fertilized hen's egg is an almost ideal medium for mass producing the most deadly type of polio virus.

The process was developed by Dr. Harold R. Cox and associates at Lederle Laboratories, Pearl River, N. Y. and reported by him at a gathering of distinguished scientists for the opening of the

University of California's new virus laboratory.

A great quantity of vaccine already has been made but it must be tested rigorously on animals before it can be tried on humans, Dr. Cox told a press conference.

The deadly virus was made harmless by growing many generations of the organism until some of them became non-lethal. This docile type then was produced for the vaccine. Already it has been tested on a few monkeys. They were not harmed and it protected them against virulent doses of infantile paralysis organisms.

The vaccine thus far made protects only against one of three main types of polio—the Lansing type, which is rated as the most deadly. There is reason to believe this type can be manipulated so that it also will produce immunity to the other types, the Brunhilde and Leon varieties, Dr. Cox said.

Evidence that the weakened Lansing type of virus can produce antibodies was disclosed by Dr. Karl F. Meyer, noted expert on epidemic diseases. Viruses similar to those used in the hen's eggs

## Adlai Promises 'Ruthless' Drive On Corruption

Governor Takes Firm Civil Rights Stand; Heads Into Florida

MIAMI, Fla. (AP)—Gov. Adlai E. Stevenson promised today to deal "ruthlessly" with corruption in government if he is elected president.

The Illinois governor brought his campaign into politically doubtful Florida today after New Orleans recorded mixed reaction last night to his firm stand for civil rights legislation and against giving the states title to the oil-rich submerged coastal lands.

Barging into the tough issues Republicans have raised against him, the Democratic presidential nominee likened Miami's cleanup action in gambling scandals to steps he had taken in Illinois. He promised to "follow the same pattern of action in Washington," if he wins on Nov. 4.

**Touched By Scandals**  
"You have been touched by scandals bred by an unsavory alliance between a national criminal syndicate and the semi-legitimate operators who cluster around the fringes of the entertainment business," Stevenson said in a talk prepared for a party rally at Bay Front Park.

"But I was pleased to see that you have learned the practical lesson taught me in my time as governor of Illinois—that corruption will not wait for leisurely attention."

"It must be attacked by those in authority and it must be ruthlessly rooted out before it has a chance to fester and spread through the whole of our political system. I congratulate you for so moving in Miami as I have in Illinois and I pledge you that I will follow the same pattern of action in Washington."

**Corruption Chief Point**  
Gen. Dwight Eisenhower, the Republican presidential nominee, has made alleged corruption in government one of his chief talking points in the campaign. Other Republicans have aimed barbs at Stevenson for disclosures that horsemeat was sold as beef in Illinois and that state tax stamps were counterfeited.

Stevenson said he knew that honest criticism could be made of the Democratic national administration.

"I claim that our Democratic leaders are and have been pretty good human beings—but I make no claim to infallibility on their behalf."

Florida has eight electoral votes

## Salem Band's Halftime Show Pleases Fans

The Salem High School Band proved its versatility last night by presenting a unique show to please the fans during halftime of the Salem-Youngstown South football game.

Their showmanship helped to take part of the sting out of South's easy romp over the Salem football team.

The band show was a contest between four musical units of the entire marching band and the student musicians did creditably well in their stunt.

The formations the units went through and the costumes they wore were their own creations. Director Howard Pardee had given them a few hints. The students did the rest, much to the enjoyment of the fans in the stadium.

Competing for the musical honors were the "Richmond Carpet Baggers," the "Scottish Highlanders," the "Dixie Land Sugartree Alleycats" and the "Brazilian Nuts."

The "Highlanders" were declared the winner by the "applause meter" but here's today's secret: Actually, the most applause went to the "Brazilian Nuts." A mixup in signals across the field was blamed.

Sandy Hansell served as announcer.

## Ohio AFL Endorses Taft For Governor

COLUMBUS, O. (AP)—The Ohio Federation of Labor's political league Friday night snubbed Democratic Gov. Frank J. Lausche yet endorsed a slate of Democrats from president on down.

The group, counterpart of the CIO's Political Action Committee, endorsed Charles P. Taft of Cincinnati, Republican nominee for governor.

Phil Hannah, executive director, said it was the first time the Educational and Political League of the Ohio AFL has ever backed a Republican for governor.

About a half million Ohio workers belong to AFL unions.

At the AFL opposed Lausche when he ran for his first term, but did not favor his opponent, Thomas J. Herbert of Cleveland. The AFL remained neutral when Lausche ran for his second and third terms.

The league's executive committee had this to say about Lausche: "The people in the state of Ohio—and the labor movement, in particular—still remember Governor Lausche's veto of legislation to give aid to the poor unfortunate who had lost both legs, both eyes or suffered broken backs in the industry and in the state of Ohio."

"Although Lausche's lack of humanity in vetoing this bill to aid Ohio's permanently disabled workers has been disapproved by all labor groups, his constant opposition to organized labor has shown a definite pattern and cannot be overlooked."

When the statement was issued, Lausche was in Delphos, addressing a rally of Democrats from Van Wert, Allen, and Putnam Counties.

Reached at Lima, on his way back to Columbus, the governor made this reply to part of the league's statement: "I was and am in favor of increasing the compensation to permanently and totally disabled workers, except that the increased compensation should be paid out of the workmen's compensation fund, and not out of the general operating fund of the state government."

"The legislature was urged by me to grant the increase to be paid out of the fund established for that purpose. It was argued that my proposal was unconstitutional. I asked that the bill be passed and the courts permitted."

## Area Growers Get Enough Apple Pickers

Lack of pickers to harvest the apple crop caused the district growers no end of worry at the start of the season, but U. S. migratory and British West Indies workers and enough local help have been secured to solve the problem, Arthur Johnston, manager of the State Employment Service branch office here, said today.

The district's 35 commercial growers were deeply concerned over the labor situation at the beginning of the season, the peak of which was about Oct. 1. The employment service issued an appeal for 300 pickers prior to the picking date but only 40 signed up the first few days.

Mr. Johnston said the labor picture "is changing from day to day" and "no apples are being lost" due to the shortage of pickers as the season enters the late stages. "All the growers have been able to get help," he added.

Orchardmen have hired a lot of workers from this area. Others have hired 45 British West Indies and about 75 native migratory workers to aid in the harvest, the manager said.

Mr. Johnston said, although only about 50 per cent of a normal crop will be harvested this season, the apples "are, as a rule, of excellent quality."

Apple growers of Columbiana, Mahoning, Portage, Stark and Carroll counties will meet in the basement of the Salem public library Tuesday at 8 p.m. to consider the crop and market situation.

Howard Wells, new manager of the Ohio Apple Institute, will speak and a discussion on marketing will be held. Kenneth Varian, Paul Muckley, Ed McConnell, Raymond Lamb, and I. P. Lewis, area growers, will follow.

The \$43,700 goal this year remains the same as the amount successfully raised a year ago and will benefit 10 local agencies which are dependent on the Community Chest for their existence.

## Six Injured In District Traffic

Patrol Investigates Seven Accidents

Six persons were injured in three of the seven area traffic mishaps investigated by State Highway Patrolmen Friday and this morning.

Three persons were hurt at 2:15 a.m. today when a car driven by Joseph Perkins, 28, of RD 1, Beito on the closed section of Route 62, a half-mile east of Alliance, crashed into a construction company truck parked on the highway.

Perkins sustained bruises and abrasions and was treated at Alliance City Hospital. Two passengers in his car, Walter Simms and Ben Nelson, also received bruises and abrasions and were treated by a Sebring doctor.

Clarence Potter, 44, of Cleveland lost control of his car at 10 p.m. Friday on Route 14, just east of Salem, causing it to leave the road and hit a bank.

Potter sustained lacerations of the face and a passenger in the car, Donna Beward, 27, of Cleveland, received a dislocated right elbow.

The two persons were brought to Salem City Hospital where Miss Beward is reported in fairly good condition today. Potter was treated and released.

Don Chambers, 44, of RD 2, Salem lost control of his car at 10:15 p.m. on the Georgetown Rd., just south of Salem, causing it to roll over. He sustained abrasions of the body and was admitted to Salem City Hospital where his condition is reported fairly good today.

No one was injured at 2:20 a.m. today in a minor mishap on Route 30, near East Liverpool, which involved a wrecker operated by Charles Vermilion, 18, of East Liverpool and a truck driven by Duane Pike, 31, of Davenport, Iowa.

A car driven by George Szenczuk, 25, of Elgin, Ill. struck the rear of a pickup truck operated by George J. McPherson, 33, of RD 1, Hanoverton at 12:45 p.m. Friday on Route 30, four miles west of Minerva.

Szenczuk was arrested by patrolmen for reckless operation and fined \$10 and costs by Justice of the Peace W. L. Hine of RD 2, Minerva.

Robert Prince, 21, of RD 2, East Liverpool lost control of his car at 2:05 a.m. today on Route 30, near East Liverpool, causing it to hit a guard rail.

Herbert Lewis Jr., 34, of Oak Park, Ill. told patrolmen that his truck was crowded off the road by an approaching car at 8:10 p.m. Friday on Route 170 a mile north of Unity. The truck overturned but Lewis escaped injury.

Two district men are among the 2,616 Army rotation personnel, most of them veterans of the Korean war, who are due to arrive in San Francisco Sunday aboard the transport Gen. John Pope. They are Cpl. Carl J. Hively of RD 4, Alliance, and St. Alonzo S. Spencer of East Liverpool.

**Chinese Sweep Through Intense Allied Barrage**  
Hill Changes Hands Over 20 Times; U.N. Jets Down 6 MIGs

SEOUL (AP)—Chinese Reds swept back up the north slope of White Horse Mountain through intense Allied tank and warplane fire today and pushed weary South Koreans off the crest in savage hand-to-hand combat.

Far to the north, U.N. Sabre jet pilots shot down six Communist MIG jets.

The battle for strategic White Horse, dominating the Chorwon road net into South Korea, passed its 70th hour of almost continuous fighting. The hill has changed hands more than 20 times.

"Stay, Fight!" Ninth Division South Koreans, whose motto is "stay, fight!" were making a new stand only 200 yards from the crest.

Reports from the front were sketchy. It was not known here whether the attack was made by 16,000 Chinese troops which earlier had been reported massed for a fresh assault.

The Chinese launched their attack at 4:15 p.m. and won control of the crest at 6:30 p.m.

The South Koreans, in a bold maneuver, had won the hill only a few hours earlier at 12:30 p.m. They circled White Horse below the crest, charged from all sides and killed or drove off all but two small pockets of Chinese.

**Tanks Enter Valley**  
Tanks manned by South Koreans rumbled into the valley that winds north of White Horse. They turned their big rifles on a nearby hill which the Chinese have used as a springboard for assaults on White Horse.

But the maneuver did not stop the Reds for long.

Before launching Operation Iron Fist that won back White Horse, the weary but determined ROKs fought off seven fanatical human-wave attacks against their positions on three slopes of the hill. They routed the bugle-blowing, screaming Chinese in fierce, close-quarter fighting.

The South Korean hit-run raid on the hill north of White Horse blocked off Red reinforcements.

The South Koreans called their flanking move around White Horse "Operation Iron Fist" because of its nearness to the city of Chorwon, which means "Field of Iron." The shell-cratered hill dominates the southwest corner of the Red's old "Iron Triangle" troop massing and supply area. It controls the road net leading into South Korea.

On the Western Front, U. S. 2nd Division soldiers attacked Red positions.

## Kickoff Meeting Of Teams Set Monday

Electrician Quits Over Past-Due Pay

Progress on construction of Salem's East Cold Run water reservoir project hit a new snag today when the electrical contractor walked off the job.

The Willis & Davidson Co. of Carmichael, Pa., which holds the \$25,985 electrical contract for work at the reservoir filtration plant and pumping station, left the job Friday because a past-due \$6,000 payment had not been made to them.

The electrical contractor told the Water Commission that the city auditor, Mrs. Helen Betz Coyne, would not approve payment because of instructions from City Engineer F. S. Barckhoff, who was recently empowered to make a survey of the city's \$1,550,000 water project.

Meanwhile, the general building contractors on the job, the Pitt Construction Co. of Pittsburgh, notified the Water Commission by special delivery letter this morning that unless work was completed on the electrical installations soon, they would be unable to heat the filtration and pumping station building and warned that damage from cold weather could occur.

City Council has scheduled a meeting for next Thursday evening with the engineer and others associated with the project to ascertain how much money is needed to complete the entire project.

LISBON—Sheriff Howard J. Clark announced the board bill for housing and feeding county prisoners at Mahoning County jail was \$1,345.42 during September.

## Tom Clark Blasted For Role In Kansas City Vote Fraud

WASHINGTON (AP)—A House judiciary subcommittee closed its books on the 1946 Kansas City vote fraud case today with a final blast against Supreme Court Justice Tom Clark for using what it called "extremely poor judgment."

Clark, then attorney general, approved an "inappropriate, improper and unheard of" method of limiting a preliminary FBI investigation in the case, top committeemen said.

Chairman Clegg (D-Ky) and Rep. Keating (R-NY) said in a joint statement yesterday that this "final judgment" of Clark's procedure was supported by secret testimony taken from former Atty. Gen. Francis Biddle. The testimony also was released.

The Kansas City case stemmed from the 1946 Democratic primary race in Missouri between Enos Axtell and Rep. Roger C. Slough.

Axtell, supported by President Truman, won the primary but lost in the general election.

Fraud was charged and disputed ballots were stolen in a midnight dynamiting.

The usual preliminary FBI investigation was ordered. But Clegg and Keating charged that "serious irregularity" occurred at the out-

set because the FBI was instructed in a memorandum to limit its probe "to interviewing only six individuals who were named."

T. Lamar Caudie, assistant attorney general who later was fired by President Truman for what Truman called "outside activities," wrote the memo and Clark approved it.

**City Collects \$60 In Fines, Forfeits**  
Clarence F. Potter, 44, of Cleveland was fined a total of \$30 and costs on two charges by Mayor Harry M. Vincent Friday following a traffic mishap in which his car left the road and struck a bank on Route 14, just east of Salem.

State Highway Patrolmen cited Potter for reckless operation and failure to produce a valid driver's license.

H. M. Dickinson, 66, of Wellsburg, W. Va., forfeited a \$15 bond on a speeding charge and Ruth M. Ingraham, 55, of Chardon forfeited a \$15 bond on a charge of crossing a yellow line when they failed to appear before the mayor.

Both charges were made by State Highway Patrolmen.

# Boost UN Week Churches Asked

### Arousing Of Citizens To Participate Urged

Churches and synagogues and other religious agencies in the United States and the world are called upon to arouse more citizen participation in United Nations activities during United Nations Week Oct. 19-25.

Dr. Ralph J. Bunche has voiced the opinion that the UN is based on faith and he says: "The United Nations is the only bridge over which nations can come together to settle their differences. This United Nations bridge will be no weaker and so stronger than we, the people, make it."

Thus the Christian people of the land have a special opportunity to cooperate in UN week observance because it is pointed out that religious forces of the land can be leaders in this venture to increase understanding of the United Nations and lead away from hate, self-centered nationalism, economic isolationism and fear.

# Come, Ye Sinners, Poor And Needy

## An infidel turns to God

Joseph Hart spent the best years of his life denouncing the Bible and everything it stands for. Not content with merely being a non-believer, Hart devoted his literary ability to the spreading of propaganda against religion. Attendance at church with infidel Hart was for no reason but to find fault and gather themes for his venomous pamphlets. In reply to a sermon by John Wesley, he rebuked the Founder of Methodism in his tract, "The Unreasonableness of Religion." His defilement of Christ was so base that it "even shocked the religious and profane." In the town of Sheerness, at half a dozen enterprises, Hart became so obnoxious that he was told to get out of town.

While Joseph Hart was being invited to leave a town in England, Swiss-born Frenchman Jean Jacques Rousseau was run out of France for his outspoken views on politics. No less an infidel than Hart, Rousseau was an egotistic misfit who seemed never to get along with anybody. Falling at half a dozen enterprises, he dozed off to sleep one day in 1732 and dreamed he heard beautiful music. Awakening, he tried his hand at writing an opera. Its success gave Rousseau such swell head

that he was never able to compose anything else worth mention. Giving up, at the age of 66, he killed himself.

Run out of Sheerness, Joseph Hart returned to his native London. One Sunday afternoon, in 1757, when he was 45 years old, he sauntered into a Moravian chapel. The preacher's text was from Revelation 3:10 and either God or the preacher did a remarkable job that day. "I was hardly got home," he wrote of the sudden change that took place in his thinking, when he flung himself "on my knees before God." And he described his experience as being like a heavy weight suddenly lifted from his shoulders. Hart never wrote another pamphlet, but for two years he wrote hymns and, in 1759, published them in a book. Then he started preaching in an old frame building in London and when he died in 1783, 20,000 people went to his funeral.

The strange birth of a hymn! Written by a converted infidel and sung to music of a suicidal atheist. Jean Rousseau's opera . . . sometimes called "Rousseau Dream," is remembered only for that portion which was arranged in 1823 for Joseph Hart's best hymn.

Come, ye sinners, poor and needy,  
Weak and wounded, sick and sore;  
Jesus ready stands to save you,  
Full of pity, love and power;  
He is able, He is able,  
He is willing; doubt no more.

Now, ye needy, come and welcome;  
God's free bounty glorify;  
True belief and true repentance,  
Ev'ry grace that brings you nigh,  
Without money, without price,  
Come to Jesus Christ and buy.

Let not conscience make you linger,  
Nor of fitness fondly dream;  
All the fitness He requires  
Is to feel your need of Him;  
This He gives you, this He gives you,  
'Tis the Spirit's glim'ring beam.

Come, ye weary, heavy-laden,  
Bruised and mangled by the fall;

Not the righteous, not the righteous,  
Sinners Jesus came to call.

**CHURCHMEN DISAGREE ON Sterility Pills**  
WASHINGTON (AP)—A Boston doctor's report of successful use of birth control pills in humans has elicited varying reactions from prominent clergymen of the Roman Catholic and Methodist churches.

Dr. Benjamin Sieve reported in the technical journal "Science" yesterday that 298 married couples had experienced complete lack of fertility during periods ranging from three to 30 months while taking the pills at breakfast, lunch and dinner—and that some are still taking them.

But the Boston researcher emphasized that the drug—previously used to control bleeding—does not produce permanent sterility. He said 220 of the women have had a baby or have become pregnant after they and their husbands quit taking the pills.

The Rev. Francis J. Connell, a Redemptorist priest and dean of sacred theology at the Catholic University of America, was asked to comment on the report. He declared any use of such pills with the "direct intent of preventing conception would be a violation of the Divine Law as it affects birth, according to Catholic interpretation of God's law."

Bishop G. Bromley Oxnam, bishop of the Washington, D.C., area of the Methodist church, also asked to comment, said:  
"It is in accord with the moral law to plan properly for the coming of children. This discovery may enable mothers to space their children with due regard for health, education and service to society. The discovery is to be commended, not condemned."

The drug is called "phosphorylated hesperidin."

## The Power Of Positive Thinking

Some months ago, I finished the manuscript of my new book and sent it off to my publisher together with a list of suggested titles. Shortly thereafter, the publisher telephoned me to say that the book was fine and they wanted to press it as soon as possible but they were not satisfied with any of the titles I had suggested.

Dr. Peale

Then I heard over the telephone, a list of titles the publisher had compiled, but none of them pleased me. So I suggested that both the publisher and I go back to work and see if we could arrive at a title which would be mutually satisfactory. When we had compiled new lists of possible titles, we could meet and make a final choice.

I SPENT A great deal of time struggling with this problem; I enlisted the help of my family and friends. I even polled the members of my congregation. Eventually, I had a long list of titles. The publisher also devoted considerable effort to finding a solution to our mutual problem; endless lists of titles were circulated among the staff of the publishing house for comment and suggestions. As a result, when the time for our meeting arrived, there were two crowded sheets of titles to be considered. I handed the publisher's people my list; they gave me theirs. I went over their list and my face grew longer with each suggestion. I could hear them discussing my titles with an evident lack of enthusiasm. Obviously, we were making no progress.

"Well, let's look at this thing positively," one of them said. "Dr. Peale, what is the thing you stress most in this book?"

"Why, positive thinking, I suppose," and the words were hardly out of my mouth before we were all looking at each other and trying to be the first to speak.

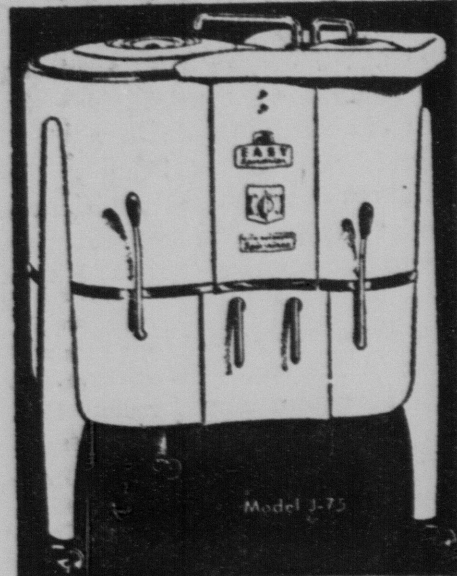

It took only a few minutes for us to decide upon the title, "The Power of Positive Thinking," and it is under that title that my new book will be published this week. And I am more convinced than ever, just as positive thinking solved the problem of a title for my book, it can solve most of the problems which we face each day.

TOO MANY PEOPLE permit themselves to be defeated by the everyday problems of life. They struggle and even whine through their days with a continuing sense of resentment at the "bad breaks" life has given them. There may be "bad breaks" in our lives, but there is also a technique for controlling and determining the "breaks" we do get. None of us need allow ourselves to be defeated by the cares and difficulties of normal existence.

You may feel that I am ignoring or minimizing the hardships and tragedies of the world about us, but I am very conscious of them.

And I am equally conscious of the importance of never allowing them to dominate. If you do, obstacles control your mind to the point where they shape your thought patterns and determine your reactions. When you cast them from your mind and refuse to become subservient to them, you begin to make use of the power of positive thinking.

How can you continue to use this power effectively?

IN MY WORK at New York's Marble Collegiate Church, I have tested a four-point program which has worked for many people. I am sure it will work for you:

1. Believe in yourself; formulate and hold in your mind a picture of yourself as succeeding no matter how badly things may be going at the moment.
2. Whenever a negative thought concerning your personal powers comes to mind, cancel it out with a positive one.
3. Don't build up obstacles in your imagination; deflate them instead.
4. Ask God's guidance; remember that the Bible says, "If God be for us, who can be against us?"

Repeat those words I have just quoted from the Bible (Romans 8:31) now. Believe them and you will have started to use the power of positive thinking.

Wine Is a Mocker, Strong Drink is raging; don't be deceived. God's word. Ad.

You are a child of God, receiving such love from Him as you bestow on your own child. How long has it been since you showed your love for Him in return?

Visit with Him through prayer and daily Bible reading; and on Sunday worship Him in Church with real love in your heart.

## THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## The Better Mousetrap

By HAL BOYLE  
NEW YORK (AP)—The world will no longer beat a path to the door of the man who makes a better mousetrap.

The world is too busy. The man who wants to peddle a better mousetrap now has to give it an alluring shape, an attractive color, a catchy name. He has to make it so irresistible that a housewife, on seeing it, says to herself: "I have to have that very mouse-trap or die. My life won't be complete without it."

For in this supermarket era in which clerks act merely as change-makers a product has to be its own silent salesman—it has to sell itself to the customer by the way it feels or the eye appeal of its package.

This has given rise to a little-known but highly important figure in modern sales engineering—the industrial designer. One of the most successful is a young Army veteran who supervised the modification of the B-29 airplane that dropped the atom bomb on Hiroshima.

At 32 Gerald Stahl is head of one of the nation's top industrial designing firms, and all but two women on his staff of 13 are war veterans.

"We are a new breed in a new field," he said. "Industrial designing as a specialized profession is only about 30 years old. But already it is turning from an art into a science."

"We are trained now not only to think in terms of styling, but how a product should look and feel, how it can be made more cheaply and how it can steadily be improved. That requires a knowledge of psychology, color dynamics, market research and sales promotion techniques."

This fight for the housewife's dollar has become so competitive, Stahl said, "there isn't a major manufacturing firm today that doesn't use an industrial designer either on its staff or on a retainer basis."

"There has been a real revolution in this respect in the last quarter century."

A housewife shopping in a supermarket usually doesn't know why she selects one package of rice from a shelf containing a half dozen brands. The reason is usually subconscious, and it is up to the industrial designer to know her own mind better than she does herself.

"A large percentage of sales now are impulse sales," Stahl said. "The product that catches their eye is the one they buy. The package that is the greatest attention-getter is the one she puts in her market basket."

Red, orange, and yellow have been found to be the best eye-grabbing colors. Greens and blues are fine for feminine cosmetic products. They convey a feeling of coolness. But purple, black and muddy reds repel, because they are associated with death.

"You'd never put a hand soap in a black or purple package if you wanted mass appeal," said Stahl. "And the industrial designer aims at Main St. not Fifth Avenue."

Stahl started dreaming of his own firm in war days as engineer-

# Quakers Absorb Fourth Defeat, Beaten By South, 48-12

## Bob Zach Tallies Three Touchdowns While Warriors Gain Second Victory

By SKIP GREENISEN

Scoring each of the first three times they handled the ball, Youngstown South rolled up their second football triumph of the season Friday night at Reilly Stadium before nearly 4,500 onlookers when they trounced the Salem Quakers, 48-12, to continue their jinx over Salem High School teams.

The Warriors, led by the running of Bob Zach and his three touchdowns, handed the Quakers their fourth setback of the season as the game marked the halfway point of the 1952 campaign.

Using a powerful single wing attack, Coach John McAfee's charges badly outgained the Salem T-formation and crossed the last white stripe seven times while Quakers hit paydirt just twice.

The South eleven gained an overall total of 409 yards during the 48 minutes of play, yielding the Quakers just 227 yards, a bit over half their amount. The South ground attack totaled them 341 yards while the Salem runners were getting just 162 yards on the ground.

**COACH BEN BARRETT'S** combination was hampered most of the entire evening by the absence of Quarterback Joe Hrovatic, senior signal caller who received a badly bruised calf last week against Canton Timken.

Hrovatic hadn't practiced all week and was giving the leg a chance to heal but the 155-pounder found his leg muscles tightened and was unable to move in the backfield, leaving the Quakers without their leader.

"If Joe would have been in there at quarterback, I think the game would have been different," Barrett remarked following the contest. "Joe is the leader of the team and it hurts us to be without him."

Ray Hertel, a 123-pound sophomore, was Barrett's choice to replace Hrovatic.

place his limping senior and the small Hertel did a creditable job playing his first varsity contest.

"Ray played a good game for us but we couldn't use him to do much passing because of his size and Joe had an off night with the few passes that he did throw," Barrett continued.

Hrovatic, the calf of his leg bandaged completely, tossed two completed aeriels during the evening. The two passes gained 15 and 16 yards, respectively, both of them being thrown from a single wing formation rather than the T since Hrovatic found trouble in moving around. Hertel also connected on two aeriels going for nine and 25 yards, also from the wing formation.

**THE SOUTH** eleven, who have been beaten twice by the Quakers in 22 meetings, continued to hold the jinx over Salem outfits by chalking up the 36-point margin victory.

The Warriors started right after the opening kickoff when Zach, the fullback, plowed through the middle of the Salem line and went 69 yards to give South a 6-0 edge. Bob Durkin's placement, the first of six successful boots, went through the uprights and the Warriors held a 7-0 lead.

Fifteen plays later Nelson Melinger put the locals back in the game when he crashed over the goal line from two yards out to cap an 82-yard drive. However, the Warriors tallied their second touchdown of the evening four minutes afterwards and then pushed across their third TD of the first period seconds later after recovering a Salem fumble on the Salem 42-yard line.

Zach tallied the Warriors' second TD from six yards out, booming over right tackle, and he figured in the third score by passing to End Ron Chmielewski who lateraled immediately to Halfback L. C. Morgan for the score. The play covered 10 yards.

Both of Durkin's conversions were errorless and the scoreboard showed the Quakers were on the short end of a 21-6 score at the end of the quarter.

The second quarter was surprisingly quiet after the uproarious initial period. The ball changed hands seven times during the quarter and most of the time was in Salem territory. South made four attempts toward the goal line but fumbled twice and lost the ball on downs on two other occasions. The Quakers finally got the ball out of their own territory near the end of the quarter and moved to the South 35, only to have the half intervene.

Three punts preceded South's fourth touchdown of the contest midway in the third quarter when the 167-pound Zach pushed through right guard for his third TD of the night.

The senior's one-yard plunge capped a drive of 38 yards and put the Warriors far ahead of the locals, 28-6, after Durkin booted his fourth consecutive extra point. Hrovatic entered the game temporarily after Salem took the kickoff and tried to get the Salem aerial attack working but the locals were forced to punt for the third time in the period and South took chest.

### Wisconsin Up For Ohio State

#### Win Would Be Step Toward Rose Bowl

By FRITZ HOWELL

COLUMBUS, O. (AP) — Wisconsin banged into Ohio State today in a Big Ten contest, and the unbeaten Badgers were determined to brush aside the Buckeye roadblock on the road to the Rose Bowl.

If Ivy Williamson's wily and powerful crew gets by the pepped-up Bucks, the invaders appear to have a downhill trek to Pasadena. Only Iowa, Indiana, Northwestern and Minnesota, all figured in the lower Big Ten bracket, stand in the way of a Rose Bowl bid.

Ohio, brushed aside 21-14 a week ago by Purdue, is ready and willing to pull one of the early season's upsets—but the Badgers are not in a mood to be denied. The Wisconsin haven't won on Ohio field since 1918, and haven't won the Western Conference crown since 1912, but they're equipped to stop each string today.

A crowd of 79,000, which will include a few standees is assured for the contest. Both coaches cast tradition aside in pre-game statements.

Williamson, red-haired and confident, declared: "We have a good team, we're ready in every way, physically and emotionally. We're not over-confident, for we know Ohio has a good all-around team with some top-flight personnel."

Woody Hayes, boss of the Bucks, recalling last year's game in which the Badgers outgained Ohio 346 yards to 106, and 19 to 7 in first downs but had to settle for a 6-6 deadlock, opined:

"Give us the breaks we had a year ago, and we'll beat the Badgers." But the cold figures give it to Wisconsin all the way. The Badgers, in two games this season, have outgained Ohio 896 to 745 yards, and have the best defense by yielding only 39 yards to the Bucks' 575.

Wisconsin's starting backfield of two Sophomores and two Juniors has accounted for 504 of the team's 558 yards by rushing, and Quarterback Jim Haluska — who wasn't even invited out for Fall practice—has completed 20 of 35 passes for 37 yards and four touchdowns.

Ohio has nothing to match that attack.

### Harrison, Quick Lead Western Golf Tourney

RENO, Nev. (AP) — E. J. (Dutch) Harrison, a veteran golf campaigner from Ardmore, Ok., and steady Smiley Quick of Los Angeles, lead the pack at the halfway mark of the 72-hole \$7,500 Northern California-Reno Golf Open.

Harrison fired a sizzling 67 Friday to tie the pace setting Quick at 136 in the pro division of the pro-amateur tourney.

Quick, co-leader in the opening round with portly Ed Oliver of Los Angeles, carded a 70 to add to his 68.

Frank Toronto of Sacramento, Calif., led the amateurs with 70-63-143.

### 'More Zip In Staff' Sought By Cleveland

CLEVELAND (AP)—General Manager

Hank Greenberg of the Cleveland Indians has fired Jake Flowers, his first base coach, because he wants "to get more zip into the staff."

"There is nothing about Jake, personally," Greenberg said. "We just felt that we need someone with more fire."

The move was discussed with Manager Al Lopez and Flowers was informed of the decision before the World Series, he added.

Greenberg said the Indians tend to be somewhat of a "phlegmatic" team and it was felt a "more aggressive type of coach was needed."

The need of a "holler guy" on the Tribe often has been discussed in the past.

The 50-year-old Flowers, a resident of Clearwater, Fla., has been first base coach for the last two years.

The Indians also announced they have purchased three players from the Indianapolis Indians and sold three to the farm club.

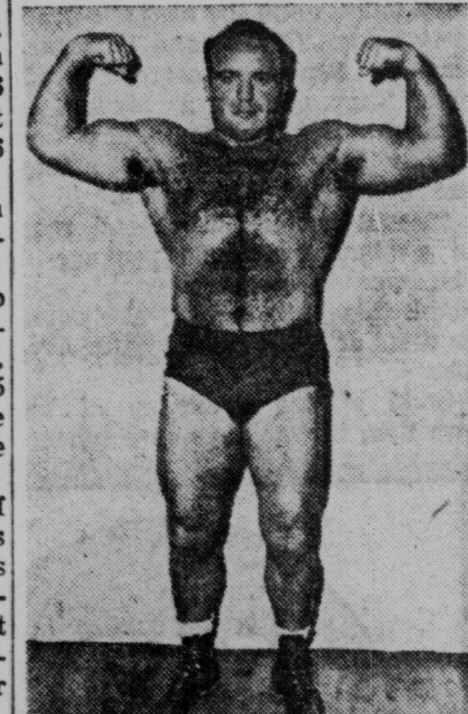

Cleveland obtained pitcher Ray Narleski, who had an 11-15 mark last season with Indianapolis; batted 287, and First Basemen Joe Macko, Macko, who batted 272 with Dallas in the Texas League, was acquired by Indianapolis at the end of the season.

Sold to Indianapolis were catcher Quincy Troupe, pitcher Bob Kerrigan and outfielder Bud Hutson.

### Frank Julian To Wrestle In Alliance

Frank "Toar" Julian, former Salem resident who is widely known for his wrestling feats, is billed in a three-bout wrestling card in the Alliance National Guard Armory Monday at 8:30.

Julian will match holds with Speed La Rance in a two-of-three

falls match with a 45-minute time limit in the semi-feature of the card.

The main bout pits Ruffy Silverstein and Don Arnold, both television favorites, in a two-of-three falls match with an hour limit.

The other bout will see Jack Vanski tangle with Bobby Ford in a one-fall, 30-minute match.

Julian expects to appear here in a wrestling match within the next month.

### High School Gridder Badly Hurt In Game

CHESAPEAKE, O. (AP) — James Carter, 17-year-old Fairland High School football player, was injured seriously Friday night during a game with East Portsmouth.

He was taken to St. Mary's Hospital in Huntington, W. Va., with a head injury. Officials say he failed to get up after tackling an East Portsmouth ball carrier in the third period.

**LOOK ALIKES**—Princeton and Army opponents must suspect the same guard is playing for both. The Tiger's Brad Glass, left, and Army's Capt. Al Paulekas look and perform enough alike to be identical twins.

### Today's Grid Action May Give 1st Clue To Bowl Contenders

NEW YORK (AP) — This fourth Saturday of the college football season promises plenty of action on all fronts with a handful of games today that could make or break some of the top teams of the land.

The schedule is littered with glittering attractions—conference headliners and major intersectional battles that will go far in pointing up possible New Year's Day bowl contenders.

Among the big ones are such as Wisconsin and Ohio State, Princeton and Pennsylvania, Maryland and Georgia, Oklahoma and Texas,

Michigan State and Texas A & M, Georgia Tech and Tulane.

The two conference scraps packing the most dynamite are the Penn-Princeton Ivy League clash at Princeton's Palmer Stadium, and the Wisconsin-Ohio State tussle in Columbus.

Princeton is nursing a 24-game winning streak, longest in college football, and a sellout crowd of nearly 50,000 will be on hand. Penn was voted No. 10 in this week's AP poll. At Columbus, a Big 10 title and bid to the Rose Bowl may hinge on the outcome of the game between Wisconsin, this week's No. 1 team, and Ohio State.

Last year Ohio State, like today, wasn't given much chance, but the Buckeyes managed a 6-6 deadlock. The game will lure 79,000.

Maryland, suspended from the Southern Conference, gets a rugged test against Georgia before 40,000 in Athens, Ga. The Bulldogs have the artillery to upset Maryland, No. 4 in this week's poll.

Another prime intersectional fray will be played before 45,000 at East Lansing, Mich., and millions on television when Texas A & M meets Michigan State, No. 2 in the country.

Two Southwestern giants, Texas and Oklahoma, get together in their annual donnybrook before 75,504 in the Dallas Cotton Bowl.

Georgia Tech is favored over Tulane at Atlanta. The Rambling Wreck was No. 5 in this week's poll, but isn't taking Tulane—winner over Santa Clara 35-0—lightly.

On the West Coast, California's Golden Bears, No. 3, invade Portland to meet Oregon.

Notre Dame, moved into the No. 8 place after beating Texas, entertains Pittsburgh at South Bend, Ind., before 50,000, eager to move up in the ratings again.

Another eastern fracas which will tell how good Navy really is comes off at Annapolis where the unbeaten Middles tackle William and Mary. Undefeated Virginia plays George Washington at Charlottesville.

In last night's top games, Bucknell defeated Temple, 19-12; Boston College whipped Drake, 20-14; Boston University overcame Miami (Fla.), 9-7; VMI trounced Florida State, 28-7; and Southern California took San Diego Navy, 20-6.

The first Korean war veteran to play football at West Virginia University is freshman guard Ralph Jordan of McClellandtown, Pa.

### Skippin' Around

By SKIP GREENISEN

Last night's loss for the Quakers to Youngstown South can be attributed to several items.

The loss of Joe Hrovatic was a big blow to the Quakers. Although he was able to play a small portion of the game, Hrovatic could not serve the locals as their leader as he had done in the initial four contests.

The quarterback's injured calf kept him limping throughout what little action he saw and he could be used only in throwing passes, those being off the single wing formation where he didn't have to move to any great extent.

Ray Hertel did a splendid job at the signal calling position, considering it was his initial debut in varsity action. The little 123-pounder mixed the plays well while doing the ball handling and kept the South defense guessing.

However, his height was a disadvantage since he could not throw passes over the heads of on-rushing warrior linemen and he, too, had to do his aerial work from the wing formation. This, of course, almost gave it away that the locals were going to pass since there is little deception on the plays. Thus, the Quakers didn't have much of a passing threat.

South's powerful single wing offense with the constant stabbing at the center of the line by Bob Zach and the shifty running of L. C. Morgan were other factors of the Quakers' loss.

Zack kept driving through the line and his blockers opened huge holes in the Salem defense. Morgan's speedy running around the ends was something to watch. Several times he would be caught and somehow squirm away and go for extra yardage.

That brings up another item which contributed to the Youngstown victory—the poor tackling attempts. Time after time the Salem defense would block a South runner from going any farther, only to have him shift quickly and fake the Quakers out of their shoes.

Weak offensive blocking kept Halfbacks Nelson Mellinger and Bill Crookston from going much farther than the line of scrimmage. The linemen were having trouble opening holes and as a result the backs had to shift their courses and usually met with a few South defenders.

Coach Barrett was pleased with the defensive play of Guard Charlie Harris and Linebacker Ed Mozina in the contest. Harris, a sophomore, will be around for two more years and Barrett believes the 160-pounder is going to shape into a terrific player.

Mozina plugged the gap on several occasions when Zach was coming through the middle. A Junior, Mozina will be back for another season.

# East Liverpool And Lisbon Win, Preserve Unbroken Strings

## Columbiana And Salem Only 2 County Teams Losing Games Friday

By JOE KUPKA

East Liverpool's powerful Potters and Lisbon's battling Blue Devils preserved their unbeaten strings in Friday night's Columbiana County grid action. Both teams have four wins and a tie.

The Potters, fourth-ranking football team in the state, unleashed a sizzling ground and air attack to crush hapless Youngstown Rayen, 40-6, at Patterson Field in East Liverpool. The Blue Devils looked like world beaters in drubbing Sebring, 27-12, at the Trojan's home field.

In other county contests, Youngstown South smothered Salem, 48-12, Wellsview walloped visiting Dennison, 33-19, Leetonia rolled over Columbiana, 26-12, and East Palestine whipped visiting Chester, W. Va., 26-13.

**WITH FULLBACK** Eddie Oliver scoring 16 points—2 touchdowns and 4 placements—the formidable Potters tallied in every period to romp over Rayen.

A plunge from the 1-yard stripe by Oliver gave East Liverpool its first of 2 TD's in the opening quarter. The Potters marched 63 yards for the score.

Oliver made the placement, but his team was penalized 15 yards for holding. End Bob McCoy gathered in Left Halfback Clair Williams' pass for the extra point which was nullified because it was ruled he stepped out of the end zone.

Climaxing a 65-yard drive, McCoy sped 12 yards on an end-around play for the Potter's second TD in the stanza. Oliver's kick was good.

Rayen retaliated early in the second period when Quarterback Bob Timlin passed to Right Halfback Calvin Patterson from 5 yards out for the Youngstowners' lone TD of the contest.

The drive, which covered 75 yards

of the last 2 placements.

East Liverpool's power was evident in the statistics as the Potters made 19 first downs to Rayen's 9 and rolled up 344 yards to their opponents' 143.

**QUARTERBACK** Dean Nicholson's signal calling and passing and Halfback Jerry Rose's long runs after catching passes were the deciding factors in Lisbon's rout of the Trojans.

The Blue Devils' first TD resulted in the first stanza as Fullback Sonny Utt plunged from the 1, highlighting a 61-yard drive. An extra-point pass from Quarterback Dick Woods to Halfback Vinson Weyant was good.

A Nicholson-to-Rose pass good for 43 yards brought the Blue Devils their first of two TD's in the second quarter. The heave traveled only eight yards but Rose hoofed it the rest of the distance to pay dirt. The drive started on Sebring's 47. Utt's off-tackle slant added the extra point.

The second TD of the period was recorded on a 12-yard aerial from Nicholson to Weyant to spark a 70-yard march. Nicholson's placement for the extra point missed and Lisbon led 20-7 at the half.

Lisbon's final touchdown, collected in the third quarter, was made as Rose took a 10-yard pass from Nicholson and scampered 70 yards for the tally. Nicholson booted the extra point.

Sebring's 2 touchdowns came in the fourth quarter while Lisbon's second and third stringers were in the game.

Halfback Keith Hindall ran 19 yards for the Trojans' first TD, was set up when Amzi Hough, Lisbon's substitute end, failed to get a punt away on fourth down because of a bad pass from center and Sebring took over on the Lisbon 18.

Back Steve Tucker's try for the extra point failed when he was forced to run with the ball after a bad pass from center.

The other Sebring TD was scored by a 93-yard pass play from Tucker to Hindall.

Trojan Guard Dick Ceomin intercepted a fourth-down pass on the Sebring 3 and Tucker, passing from the 7, hit Hindall on the 30, from where the halfback scooted the remaining distance. Quarterback Edward Jordan missed the extra-point attempt.

Previous to Sebring's final TD, Lisbon Fullback Glenn Adams took the kickoff and ran it to the Trojan 10.

Lisbon had 16 first downs to 13 for Sebring.

**JOE BILLET**, quarterback, passed for 2 touchdowns and ran for 2 others to place the Leetonia Bears to their win over the Columbiana Clippers at Columbiana.

Leetonia's passing offense clicked the whole game, but its running attack, which bogged down in the first half, proved the downfall of the Clippers when it sparked in the last two quarters.

The Bears led by a scant point, 13-12, at halftime but Columbiana weakened in the last half and Leetonia took advantage of it.

With about three minutes gone in the first period, Columbiana Halfback Fred Forney went around right end for 6 yards to put the clincher on a 50-yard drive for a TD.

Guard Hubert Keylor's block of a punt in the second quarter on the Leetonia 25 set the stage for the Clippers' second 6-pointer, which was scored on Forney's plunge from the 1. But thereafter, Billett went to work for Leetonia.

The Bears racked up 2 TD's in the second period on 10 and 30-yard passes from Billett to End Harry Kornbau. The 2 drives covered 60 and 95 yards respectively.

Billett's 6-yard run through center in the third quarter and his 32-yard gallop around left end in the fourth period added the other 2 Leetonia tallies. The TD's cl maxed drives of 100 and 50 yards.

Fullback Joe Guido made 2 of 4 placements for Leetonia.

Besides Lisbon and East Liverpool, records of the other county teams are as follows: Leetonia, 4-1; East Palestine and Wellsview, 3-2; Columbiana, 2-3; and Salem, 1-4.

### Moose Krause Raps TV Receipts Split

**SOUTH BEND, Ind.**—Athletic Director Edward (Moose) Krause of Notre Dame has lashed a National Collegiate Athletic Association proposal which "looks like it might go through" to split football television receipts among all members.

Krause said Friday the NCAA membership has been alerted that some sort of a video "share-the-wealth" program would be submitted at the next annual convention.

Krause said the plan which he described as "immoral, illegal, un-American and socialist" probably would be whipped into shape at a meeting of the NCAA council and executive committee in Chicago Monday through Thursday.

At New York, Asa Bushnell, Director of television for the NCAA, said the proposal had been contemplated by the group as a long range approach to meet the problem of allocating huge receipts which might develop in a few years if football video is placed on a pay-as-you-watch basis.

COLUMBIANA—Terms were agreed upon Thursday evening for a renewal of a fire protection contract between Columbiana village and Fairfield township at a meeting in city hall between Mayor Walter Thomas and Councilmen Walter Miller and Charles Fisher for the village, and Trustees W. B. Miller, E. B. McCammon and Hugh Farmer for the township.

A proposal for two-way radio equipment went over for further consideration by the township which may raise its share of the cost by popular subscription. The agreement will require the approval of council, which will have its next meeting Tuesday evening, Oct. 21.

Terms for each fire engine responding to an alarm remain at \$50, but for the emergency first aid car a rate of \$10 was fixed. The minimum total charge per year remains \$500. The rate of pay for firemen on duty in the township was raised from \$1.50 to \$1.75. In town the rate is \$1.25 an hour, but in the township the municipality has added expense for insurance and other items.

Sues To Annul Marriage  
To Man Held In Fraud

EAST LIVERPOOL, O. (P)—A bride whose husband was arrested on stock fraud charges two days after their wedding has sued for an annulment on grounds he already had a wife.

The bridegroom, Tommy Wingate, 44, is in jail awaiting trial on charges of selling five East Liverpool residents \$54,000 worth of unlicensed stock in a firm he called Jack Knife Gold Mines, Ltd. of Canada.

He married La Rue Mooney, a divorcee, in an elaborate wedding here Sept. 12. The police nabbed him two days later.

The bride said in her annulment petition that Wingate's real name is Snelling and that he has been married 18 years.

Can't Spell Too Well,  
But Boy, 7, Can Fly

CLEVELAND (P)—His mother says he can't spell too well, but what's that to a 7-year-old boy who can fly an airplane?

Paul Mueller Jr., is the idol of his third grade classmates at nearby Berea's Fairwood School. He can fly like a veteran, according to his dad, who taught him how.

His little brother, Johnny, 6, is learning to fly, too, but so far he's had just three lessons.

Paul started flying 14 months ago in the family Aerocraft Champion. He can't go up alone because that's against regulations. But with a licensed pilot along all is well with the law. He can't get a student's license until he is 16.

Paul's dad is part owner of a truck equipment firm and a part-time flying instructor.

## WOMAN INJURED, SUES

LISBON—An East Liverpool woman filed a \$10,000 damage suit against an East Liverpool mill worker at Common Pleas Court Friday for injuries received in a fight.

Violet Gilliland filed the action against Daniel H. Jeffries, claiming the defendant assaulted her Sept. 29 in East Liverpool. She claims the injuries have kept her from "performing her household tasks."

# J. L. Lewis Raps Labor Leaders

## Urges U.S. Unions To Get Together

CINCINNATI (AP)—John L. Lewis says American labor leaders are an ineffective lot and probably won't get anywhere until they agree "That what is good for one is good for all."

Lewis—the meteoric labor leader who quit the AFL to form the CIO, then rejoined the AFL, only to quit again to remain independent of both big labor federations—gave

fellow labor leaders in general a scathing criticism.

In another hot speech at the United Mine Workers Convention, before it recessed Friday till Monday, the 72-year-old Lewis advised labor leaders in the AFL and CIO to bury personal aims if they are ever to make progress in winning new union members.

"The leaders of American labor have worked themselves into a state of mind where they no longer believe in organizing the unorganized," roared the bushy-browed miners union president.

"They believe, rather, in reorganizing the organized into their own unions. They try to live off each other's fat. They expect to live by taking in each other's washing, and it just can't be done."

Lewis said millions and millions of additional American workers

could be won over as dues-paying union members if labor leaders would unify forces in a combined union federation to operate with singleness of purpose.

As things stand now, he said, the major unions are competing against each other.

As for the AFL, he said, its leaders are afraid to expand too fast for fear of losing their grip. He asserted that the AFL never grew so quickly as when it picked up several million members as "a natural dividend" while the CIO under Lewis was organizing mass production industries.

As for the CIO, Lewis said it was "filled with blundering stupidity" and has "bogged down to a state of incapacity and weakness—it's not going forward, it's going backward."

# Stevenson

Continued From Page One

and Eisenhower has been bidding strongly to break into the South by carrying that state.

The core of Stevenson's argument was that despite Democratic mistakes the voter should make his decision by measuring the world as he knows it today against what it was 20 years ago.

After a scheduled mid-afternoon appearance in Tampa, Stevenson planned a major talk in Nashville, Tenn., tonight before flying back to his headquarters at Springfield, Ill.

In his Miami address, Stevenson said that Eisenhower had told Florida citizens they had "better beware or your federal government would make you its slaves."

"It seems to be Republican policy to try to induce in you a gnawing fear of the government you have built—and this is a dangerous and reckless line for it strikes at your confidence in yourself," the Democratic nominee said.

He added he was confident that this strategy would fail.

Stevenson began his Florida appearances with varied response among his supporters about his reception in New Orleans last night.

Although police estimated a total of 50,000 persons saw and heard him, reporters sensed no great enthusiasm in the crowds on the streets or in Beaugard Square, where he spoke to 10,000 persons.

The Democratic nominee gave his New Orleans listeners the kind of a speech they didn't especially want to hear.

In an area where the civil rights issue is politically touchy, he said flatly he stands on the Democratic platform's declaration for the elimination of racial discrimination and for a change in the Senate rules which have allowed filibusters to kill civil rights bills.

The crowd mustered only a weak cheer for this statement.

# Treasury Men Believe They've Beaten Red Extortion Ring

WASHINGTON (AP)—Treasury law enforcement officers think they have beaten down Communist extortion of "blood money" from Chinese in this country—but at a cost of many lives.

An enforcement official said the indictment yesterday in San Francisco of the Min San Trading Company and its manager, Tom Hancock, charged on 17 counts of violating foreign assets control regulations by sending \$161,843 through Hong Kong to Red China, would be followed by a number of other similar cases.

The official, who asked not to be named, declined to say how many such cases have been placed in the hands of U. S. attorneys. But he said they are "scattered across the country, and not confined to New York and San Francisco where there are big Chinese communities."

He gave a glimpse into a somber struggle between Treasury law officers and Chinese caught between the millstones of the law and fear for loved ones in the old country.

Communist Chinese worked the extortion racket by sending letters to Chinese in the United States saying friends or relatives in China would be tortured or killed, or both, unless a certain amount of money was sent to a specified person.

Chinese here sent millions of dollars. An enforcement official said as much as one million dollars or more in blood money was going from the United States to Red China every month in late 1951.

Then the Treasury stepped in. It ordered a halt to remittances of any money for any purpose to Communist China.

Chinese in this country were told that sending money would only encourage the Reds to demand more, and in the long run would not save their people.

"They finally came around to our view," an enforcement official said. But, he added: "We know of cases where we persuaded people not to send, and their families were killed."

Reporting success of the drive, he said not only has the flow of blood money all but ceased, but few Chinese get extortion letters any more. He said the Communists have halted their organized attempt to terrorize Chinese here into sending money to Red China.

All 61 youngsters had no polio antibodies in their blood before being given the vaccine. But they all developed these antibodies in a few weeks, Dr. Meyer told newsmen.

This establishes that antibodies can be produced in the human bloodstream, where they can attack polio before it gets into the brain and nerves to cause paralysis and sometimes death.

The league said it endorsed Taft for governor because "he has acquired knowledge, training and experience in the problems of government and we believe he will best serve the interests of labor in that capacity."

The endorsements included Michael V. DiSalle of Toledo for the senate post now held by John W. Bricker, a Republican. The group said DiSalle's public service record has been outstanding and condemned Bricker's voting record as "anti-labor."
